

12/03/13 Agenda

- Warm up
- Review 5.1 Review Worksheet
- Quiz on Section 5.1
- After Quiz
 - Worksheet Joke #58 (finish for homework)

Warm Up:

Find the slope of the line connecting the two points:

x_1 y_1 x_2 y_2 $\frac{y_2 - y_1}{x_2 - x_1} = m$

$(4, 7)$ $(6, 11)$ $(2, 4)$ $(3, -2)$

$\frac{11 - 7}{6 - 4} = \frac{4}{2} = 2$

$\frac{-2 - 4}{3 - 2} = \frac{-6}{1} = -6$
